

**IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER  
MONITORING REQUIREMENTS NOT MET FOR**

**MCDOWELL COUNTY PSD BARTLEY, WV3302434**

We are required to monitor your drinking water on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. Between 7/1/2021 and 9/30/2021, we failed to submit the required samples as indicated below and therefore cannot be sure of the quality of our drinking water during that time.

**What should I do?**

There is nothing you need to do at this time.

The table below lists the required monitoring and the compliance period.

Required Monitoring	Compliance Period
27, MONITORING, ROUTINE (DBP), MAJOR Failure to Report Trihalomethanes (TTHMs) at specified addresses in plan	7/1/2021 to 9/30/2021

**What happened? What is being done?** (Describe corrective action)

The sample was collected, but due to a sampling error the wrong sample site location was recorded. Therefore the sample did not count. They have since been collected and recorded correctly. We will continue to monitor according to the 2022 monitoring schedule.

For more information, please contact Jared R Brewster at 304-297-2622  
(Contact name) (Phone number)  
Or 21901 Rocket Boys Drive Welch WV 24801  
(Mailing address)

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.

**What should I do?**

There is nothing you need to do at this time.

The table below lists the required monitoring and the compliance period.

Required Monitoring	Compliance Period
27, MONITORING, ROUTINE (DBP), MAJOR Failure to correctly report for Haloacetic Acids at specified address	7/1/2021 to 9/30/2021

**What happened? What is being done?** (Describe corrective action)

The sample was collected, but the wrong sample site was recorded due to a recent change of sampling location. The error has been corrected and will continue to monitoring for Haloacetic Acids according to 2022 monitoring schedule.
