

IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER
FAILURE TO COMPLETE CORRECTIVE ACTIONS
 MCDOWELL COUNTY PSD ECKMAN, WV3302405

Our water system violated State drinking water requirement. Even though these were not emergencies, you, as our customers, have a right to know what happened and what we did to correct the situation (See table below).

An on-site evaluation of our system is conducted on a regular basis. Results of the evaluation show significant deficiencies in our water system which must be addressed to the Office of Environmental Health Services- District Office. We did not correct these deficiencies by the required date and are therefore in violation.

What should I do?

There is nothing you need to do at this time.

Failure to correct significant deficiencies	August 27, 2021

What happened? What is being done? (Describe corrective action)

Eckman system is an aging and failing system that is in a definite state of repair. It is part of a future phase of the ongoing Elkhorn Project and will be soon phased out. Unfortunately, the McDowell PSD cannot financially correct all the significant deficiencies until that time.
