

**IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER  
MONITORING REQUIREMENTS NOT MET FOR**

**MCDOWELL COUNTY PSD HEMPHILL, WV3302441**

We are required to monitor your drinking water on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. Between 10/1/2021 and 12/31/2021, we failed to submit the required samples as indicated below and therefore cannot be sure of the quality of our drinking water during that time.

**What should I do?**

There is nothing you need to do at this time.

The table below lists the required monitoring and the compliance period.

| Required Monitoring   | Compliance Period       |
|---|-------------------------|
| 27, MONITORING, ROUTINE (DBP), MAJOR Failure to monitor for Haloacetic Acids (HAA5's) | 10/1/2021 to 12/31/2021 |

**What happened? What is being done?** (Describe corrective action)

*The samples were pulled in November 2021, but due to a Covid outbreak at the lab, the samples were never processed. They have since been repulled and are back on schedule.*

For more information, please contact JARED R BREWSTER at 304-297-2622
