

**IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER
FAILURE TO COMPLETE CORRECTIVE ACTIONS
ASHLAND COMMUNITY, WV3302417**

Our water system violated State drinking water requirement. Even though these were not emergencies, you, as our customers, have a right to know what happened and what we did to correct the situation (See table below).

An on-site evaluation of our system is conducted on a regular basis. Results of the evaluation show significant deficiencies in our water system which must be addressed to the Office of Environmental Health Services- District Office. We did not correct these deficiencies by the required date and are therefore in violation.

What should I do?

There is nothing you need to do at this time.

Required Corrective Action	Corrective Action Required by:
Failure to correct significant deficiencies	July 8, 2019

What happened? What is being done? (Describe corrective action)

Corrective Action Plan was submitted, but not within required time frame. This water system is a part of Elkhorn Phase 3. The project is fully funded and in the design phase. Construction is projected to begin Summer 2024. This will combine this existing system with 3 others to create a new water system that is up to date.

For more information, please contact JARED R BREWSTER at 304-297-2622 (Phone Number) (Contact Name)
or 21901 Rocket Boys Drive Welch WV 24801 (Mailing Address)

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.
