

**IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER
MONITORING REQUIREMENTS NOT MET FOR**

MCDOWELL COUNTY PSD TIDEWATER, WV3302407

We are required to monitor your drinking water on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. Between 1/1/2020 and 12/31/2020, we failed to submit the required samples as indicated below and therefore cannot be sure of the quality of our drinking water during that time.

What should I do?

There is nothing you need to do at this time.

The table below lists the required monitoring and the compliance period.

Required Monitoring	Compliance Period
03, MONITORING, ROUTINE MAJOR NITRATE Results Not Reported	1/1/2020 to 12/31/2020

What happened? What is being done? (Describe corrective action)

The sample was collected, but there was a mix up at the Lab and the Chain of Custody wasn't signed off on by Lab personal. Therefore, the sample wasn't processed. We will recollect the sample this year, 2021, and continue our monitoring of Nitrate
